- ♥ Answer Key

TEACHER DIRECTIONS

CAUSE AND EFFECT MOUSE CRAFT

MATERIALS

- Mouse template
- Cause and Effect wheel
- Brass fastener
- Construction paper
- Crayons, markers, or colored pencils
- Scissors
- Glue stick

PREP

- Print the mouse and wheel templates.
- Students can choose to use the black-and-white version or color version.
- Copy templates on construction paper for extra durability.
- Gather all materials.

DIRECTIONS

- 1 Color the mouse and wheel pieces.
- 2 Write causes and effects on each section of the wheel.
Use the arrows to help show the connection.
- 3 Place the wheel on top of the mouse's body.
- 4 Use a brass fastener to attach the wheel to the mouse at the center. The wheel should spin.
- 5 Display your mouse craft and spin the wheel to share all the cause and effect connections!

TEACHER TIP: Model one example together as a class before students begin. Encourage students to use events from a story they have read!
